

## Testimony

Hello everyone, good afternoon. I am about to tell all of you my testimony. 2 days ago, I had a dream where I was at a place and there was an announcement that said there were intruders with guns. One of them tried to shoot me, but I took the gun out of his hand and shot him. It was God who gave me the strength to do that. This proves that God can protect people even in their dreams. It also proves Isaiah 54:17 No weapon forged against you will prevail and you will refute every tongue that accuses you. This means that God can protect me or anyone from any danger and that is a blessing.

Another blessing I have is being born from parents that believe in God, so that I can believe in God too.

God also gives me strength to do good in important events. Just last week I had a recital, and I did good in it because I prayed to God to do good in the recital and God helped me. God also helps me in school by making me do good and get good grades. God can help anybody. I am telling all this so other people can believe that God is great and can help and do great things for people, so people can follow God. God is great!
